

The bylaws of Unity Way Church, as approved by its voting members, state the following requirements for membership:

Section 3.02 Election of Members. Anyone desiring to become a voting member of Unity Way Church needs to take and complete a Membership Orientation Class and one Unity accredited class of their choice at Unity Way Church, or a class approved by the minister, not more than two years prior to applying for membership. Upon completion of these two requirements an application for membership can be submitted and presented to the Board of Trustees at its next regular meeting. Upon a majority affirmative vote of the Trustees present and voting, the applicant will become an active, voting member and will be notified accordingly by the Board Secretary. All staff ministers and licensed Unity teachers are considered members of this ministry. Existing members of Unity Way Church will be grandfathered in.

Unity way church has found these requirements both practical and beneficial for all concerned. It is important that we, as a congregation—though diverse in many ways—are united in our dedication to principle, to our own personal transformation and commitment to our spiritual community.
